How it works

The Court benefits from a higher level of services than is typical for Independent living within a supportive community. Sensible budgets are set by, and agreed amongst, the apartment Owners. A draft Service Charge Budget is prepared for consideration, discussion and approval at a meeting of all Owners early in the New Year. Owners are formally notified of the Service Charge for the next financial year well in advance of 1st April each year.

The annual Service Charge accounts are considered and approved by the Annual General Meeting of the Owners' Company which is held in the autumn.

All Owners contribute to
the costs of all services

What is included

- Duty Manager on site 24 hours a day
- Gardening Costs
- Daily checks that you are safe and well
- Building maintenance

What is the Service Charge used for?

The service charge pays for the salaries of the Court Manager, Duty Managers and Housekeeping Assistants and pays for employing a gardener and a handyman. It covers the cost of 1½ hours per week of housekeeping assistance to all apartments, as well as the equivalent of one hour per apartment to service the communal areas. It covers building and equipment maintenance such as alarm call systems, fire alarm systems, the grounds, sundry repairs, utility costs in communal areas and general office administration expenses, including audit and accountancy fees. It also covers comprehensive insurance for the buildings as well as public and employer liability.

What isn't included in the Service Charge?

The service charge does not include the internal decoration, maintenance and repair of the private apartments, nor the Owners'

electricity, gas and water charges. All of these and other costs associated with living in your own home, such as telephone, are the responsibility of the Owners. Owners are also responsible for paying any council tax and will need to take out contents insurance.

Meals are not included in the service charge; however, a substantial meal, charged at cost is available to be purchased every lunchtime. Guests are always welcome and any special dietary requirements will be catered for. With prior arrangement a meal can be taken to the apartment of anyone who is unwell for which there is a small charge. The service charge is a variable charge, in the sense that it changes from year to year depending on the actual costs of providing the services. The service charge, paid monthly in advance, is held in trust for Owners, in accordance with the Landlord & Tenant Act 1987.

The service charge is still payable if the property becomes vacant prior to sale. Retirement Security takes no commission from companies with whom it organises contracts for the courts. Retirement Security is the freeholder but no ground rent is charged.

Any surplus or deficit in the service charge budget at the end of the financial year is taken into account in setting the budget for the following year. Where there is any significant failure to provide a service covered by the service charge, alternative arrangements will be made and/or any underspend will be taken into account in setting the service charge budget for the following year.

Fund for Future Maintenance

The Fund for Future Maintenance is held in trust for owners, in accordance with the Landlord and Tenant Act 1987.

It covers the costs of regular internal and external redecoration and refurbishment of communal areas. It also meets the costs of repairing or replacing major items such as the emergency call system, lifts, and major items of building maintenance and repair. Future liabilities are assessed regularly by the court surveyor. If the fund is insufficient to cover any costs they will be recovered from Owners through the service charge.

The service charge is still payable if the property becomes vacant prior to sale. Retirement Security takes no commission from companies with whom it organises contracts for the courts.

The value of the Fund for Future Maintenance:
31st March 2024 £307,357
